EN: 4-1 • Born: 3-6-08 • 12 born, 11 weaned

Stress Status: Carrier

For over 100 years the Poland China breed has been noted for muscle and leanness, and your 2008 Poland China Hog College Boar has this and so much more. Bred in the Rice herd noted for many state and national champions, this unique and exciting boar offers many breed progressing traits to the Poland China breed.

Sired by **Welcome Back 11-7**, the 2007 NBS Champion Boar and the dam being an Indian Larry daughter that was selected as the 2006 Team Purebred Southwest Regional Reserve Champion at Dallas, this sow is phenotypically the most impressive sow at Rice's. The dam of Welcome Back 11-7 is sired by the popular Bow Flexx ('02 NBS Hog College Boar) shown at the '06 NBS by Brad Davis that also is the mother of **Real World** and mother of the Reserve Gilt at the '07 OKC Youth Expo.

The maternal grandam, Miss Upgrade 1-4 was the Champion Poland Gilt at the '05 OKC Youth Expo, going back to the \$6,000 Upgrade and a VooDoo Love daughter. Being line bred four times to Jaguar in 5 generations and with New Dezine, Top Dog and Indian Larry bred deep in the pedigree, genetic consistency is predictable.

Analyzing this boar, you will be impressed with his superior width of chest, forearm, great balance, depth of rib and flank, feet and legs, underline quality and impeccable profile. Bred deep in greatness and possessing an incredible phenotype, put this one on your buying list for the National Barrow Show.

- RSR1 Jaguar 7-5
- RSR4 Leaper 6-1
