

2009 Summer Type Conference & Team Purebred Health Regulations

- 1) All swine must be accompanied by an official health certificate issued **May 28, 2009** or after, signed by the veterinarian in charge of the consignors' operation. **Two copies are required** per animal of all hogs entered into the open show and sale. It is permissible that all hogs are listed on the same health paper as long as **two copies** are available for each hog consigned for the sale.
- 2) All hogs should be identified by ear-notch.
- 3) All swine originating from outside the state of Illinois are required to obtain an entry permit. Permits are available 24 hours per day, seven days a week, by calling (217) 782-4944.
- 4) **Pseudorabies:** Swine originating from a Stage III, IV or V state shall be negative to an official test for pseudorabies tested May 28, 2009 or after **or** originate immediately and directly from a qualified pseudorabies negative herd in a Stage III, IV or V state. Please list date of PRV test or Herd PRV validation number on health certificate.
- 5) **Brucellosis:** If hogs originate from a brucellosis free state and/or validated brucellosis free herd -- they need not be tested. If you do not qualify to the above terms, hogs must be bled negative for brucellosis on or after May 28, 2009. Results must be printed on health certificate.
- 6) All breeding swine entered into the open show and sale must be vaccinated for 6-way leptospirosis. Please list product used and vaccination date on health paper.
- 7) The following statements must be printed on **all** health papers:
 - a) No raw garbage fed
 - b) No PRV in herd in past 12 months
 - c) No PRV vaccine used
 - d) Herd is not under quarantine
 - e) Hogs have not been exposed to hog cholera
- 8) Team Purebred and Open Class Exhibitors: Please follow the above guidelines fully.
